FOR IMMEDIATE RELEASE

### **McKenney's, Inc. Wins the 2015 Safety Award from the Mechanical Contractors Association of America**

Atlanta, Georgia — March 23, 2016 — McKenney's, Inc. the Southeast's most trusted name in facility construction, operation and maintenance, has been awarded the 2015 Safety Excellence Award from the Mechanical Contractors Association of America (MCAA).

MCAA and CNA, the endorsed insurance carrier for MCAA, co-sponsor the most prestigious safety awards program in the mechanical construction and service industry: the MCAA/CNA Annual Safety Excellence Award. This award honors companies across the United States who have demonstrated the highest level of commitment to and execution of safety strategies.

All MCAA members are eligible to compete and win one of the five MCAA/CNA Safety Excellence Awards, which involves submitting an application comprised of a brief description of the company; detailed information on the contents of its safety and health program; reasons why it believes it deserves to win a safety excellence award; and a brief description of a results-based innovative safety initiative implemented by the company in 2015.

First place winners are awarded in each of following five size categories.

- ⤴ Category 1 – Less than 100,000 work hours
- ⤴ Category 2 – 100,000 to 250,000 work hours
- ⤴ Category 3 – 250,000 to 400,000 work hours
- ⤴ Category 4 – 400,000 to one million work hours
- ⤴ Category 5 – Over one million work hours

McKenney's won the award in largest size category: Category 5 – over one million work hours. McKenney's is the first Georgia and North Carolina member of MCAA to be recognized in Category 5.

## **About McKenney's**

McKenney's is the Southeast's most trusted name in facility construction, operation and maintenance. For more than six decades, our proven approach has ensured high-quality, energy efficient solutions at every stage of a building—Design, Build, Manage, and Maintain. McKenney's offers expertise in HVAC, process piping, plumbing, and building automation and control systems, as well as service and maintenance. Our in-house engineering, fabrication, installation and commissioning resources ensure cost-effective delivery of the highest quality solutions.
