FOR IMMEDIATE RELEASE

MCKENNEY'S RANKED AS "BEST PLACE TO WORK"

Mechanical contractor recognized by Atlanta Business Chronicle among medium-sized companies

Atlanta, Georgia — September 15, 2014 — The company, known for creating great work environments for its customers, has again been recognized as creating one for its employees as well.

For the fifth time in six years, McKenney's, Inc. was named one of Atlanta's "Best Places to Work," this year ranking 14th among medium-sized companies by the *Atlanta Business Chronicle* – Atlanta's leading business publication. Organizations were nominated by employees for the annual award, which recognizes a variety of satisfaction and engagement criteria, such as manager effectiveness, trust in senior leaders, alignment with goals and team effectiveness.

"Our goal is to create an environment that our employees enjoy coming to each day because they are challenged, rewarded and made to feel like the most important part of our success," said John McKenney, the company's president and CEO. "This wouldn't be possible without the hard work and dedication on the part of all our employees, and being named one of Atlanta's Best Places to Work is a great recognition of that."

Each year, the *Atlanta Business Chronicle*, in partnership with independent research firm Quantum Workplace, polls area businesses to determine Atlanta's top 100 Best Places to Work. Employees of the nominated organizations complete online surveys regarding work environment, co-workers and managers.

About McKenney's

McKenney's is the Southeast's most trusted name in facility construction, operation and maintenance.
