FOR IMMEDIATE RELEASE

McKenney's, Inc. Celebrates 65th Anniversary

Atlanta, GA —June 4, 2013 – McKenney's, Inc., the Southeast's most trusted name in facility construction, operation and maintenance, is pleased to announce that 2013 will mark its 65th year in business. Since opening its doors in June 1948, McKenney's has become an integral part of its community, building and servicing some of the most iconic landmarks across the Southeast.

McKenney's, Inc., originally McKenney's Tire and Appliance Company, was founded by John M. McKenney. After recapping tires for the Army during World War II, McKenney opened shop and expanded his business to include household appliances. The company eventually shifted from residential needs to light industrial and commercial work with a focus on heating, ventilation and air conditioning services. Today, McKenney's provides facility construction, operation and maintenance services to customers across the Southeast with offices in Atlanta and Charlotte, NC, and has completed tens of thousands of projects over the last six decades.

To commemorate the company's 65th anniversary, McKenney's has developed and released a celebratory logo that will be used throughout the year. The company also plans to celebrate by hosting several events to show its appreciation for those who have helped achieve this milestone. Keep up with the latest news from McKenney's by following on [Twitter](#) and [Facebook](#) as well as visiting www.mckenneys.com.

About McKenney's
